

# LGBTI+ Inclusion Checklist for Community Sports Clubs

Kickstart an LGBTI+ inclusion conversation in your club with this simple checklist to reflect on and improve your current practice. Each question explores a different way that, when actioned, can contribute towards making your sports club more inclusive of LGBTI+ people. These actions cover a breadth of areas that are shown to impact LGBTI+ people's participation in sport. You don't need to address all areas at once. It may take time, however, use this checklist to know where to start and turn idea into action.
